

Hikvision DS-2DP8A440IXG-LF/832(F0)(B) 360° Stitched 32 MP PanoVu Camera with PTZ is able to capture panoramic images as well as close-up images. The panoramic images are captured by 8 sensors for 360° panorama monitoring. The integration of two cameras can locate the details fast over expansive area. Furthermore, with advanced video analysis and multiple targets tracking algorithms, the PanoVu camera features a wide range of smart functions for multiple targets within the panoramic view, including intrusion detection, line crossing detection, region entrance detection, and region exiting detection. The camera can output alarm signals and link the PTZ for tracking to improve the security efficiency. This product is suitable for the application scenarios that require expansive monitoring and detail capture, such as airports, stations, stadiums, playgrounds, scenic areas, and public squares.

- High quality imaging with 32 MP resolution, up to 2 × 5520 × 2400 @30 fps for panoramic channels
- Excellent low-light performance with DarkFighter technology
- 40x optical zoom and 16x digital zoom provide close up views over expansive areas
- Expansive night view with up to 250 m IR distance
- With one click on the panoramic channel, the PTZ channel shows the details automatically
- Continous and stable manual tracking, auto-tracking, and panorama tracking
- Automatic switch between multiple targets

#### DORI

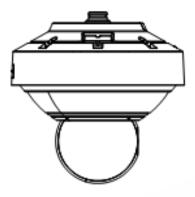

The DORI (detect, observe, recognize, identify) distance gives the general idea of the camera ability to distinguish persons or objects within its field of view. It is calculated based on the camera sensor specification and the criteria given by EN 62676-4: 2015.

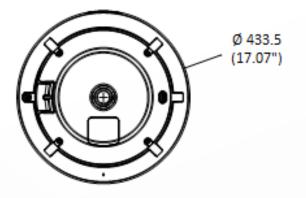

| DORI                             | Detect                 | Observe               | Recognize            | Identify             |
