HPS3-2U-MXX

Rackmount

SECURE LOGIQ

Designed exclusively for Enterprise HD surveillance applications the HPS3-2U-M series server range offers up to 160TB useable on-board storage and a host of mission critical resilience features as standard including dual redundant PSU's, advanced battery backed RAID redundancy, OS on SSD(s) and Secure Logiq's in house monitoring and alerting utility, Logiqal Health-check PRO. This product range is suitable for most small to medium camera count HD video surveillance applications.

FEATURES

Up to 160TB

16GB DDR4

6-core CPU

Redundant PSUs

Hardware RAID

Battery backed RAID

2 x 250GB SSD (OS)

WINDOWS SERVER

2 x 1Gb LAN

TECHNICAL

Electrical /PSU

100 - 240V, 50 - 60Hz

Redundant 1+1 800W

80 Plus Certified Gold

FCC, CUL, CE, EN-60950/IEC-60950

Physical

89mm x 437mm x 648mm

26Kg

Enviromental

OPERATING TEMP:
5 - 35°C (50 - 95°F)

STORAGE TEMP:
-40 - +60°C (-40 - 158°F)

HUMIDITY RANGE
8 – 90% non-condensing

CPU	Intel Xeon 2236
RAM	16GB DDR4 UDIMM
GPU	ON-BOARD
GPU OUTPUT(S)	1 x VGA
NETWORK	2 x 1Gbe COPPER RJ45
OS STORAGE	2 x 250GB SSD (RAID1)
OS	WINDOWS SERVER 2019
ACCESSORIES	POWER CABLES, RACK KIT, KB & MOUSE
STORAGE SIZES	56, 64, 72, 80, 90, 100, 120. 140, 160 (TB)

THROUGHPUT
700Mbps

STORAGE
UPTO 160TB

REDUNDANCY
RAID5 + HS

FORM FACTOR
2U RACKMOUNT

PROCESSING
MEDIUM
