NXG-1805-5
Secure NXG Tag, Caddx logo, glossy finish, 5-PACK

Product overview

The tag, with Caddx logo, offers a robust solution for a secure environment where card data is protected with Mifare DESFire EV2 smart card technology. The tag is compatible with the xGenConnect security system.

The tag can be linked to a user either locally via the mifare keypad NXG-1832/33-EUR or remotely via the panel web pages. The user tag replaces a traditional PIN code and allows the user to fully control the xGenConnect security system as well as perform automated functions.

Details

- Attractive tag design, glossy finish
- Compatible with xGenConnect
- Mifare DESFire EV2 technology
- Card data secured by AES encryption
- Printed 8-digit serial card number
- Caddx logo
- 5-pack
